## Our Story

A tropical green estate was indulgent in its own secret affair with the daunting Arabian Sea for ages not known to man. A pair of avid travellers unravelled the mystery to carefully craft it into what is today known as 'Kahani Paradise'. A stroke of romance seeped within the walls, the old world luxury oozing from every corner, the golden sun brightening up the villa every morning, and the evening breeze swaying the greens. All along the flirtatious Arabian Sea still teasing her old lover. History indeed is theatrical in its own charming way!
